

## **Wildwater Chattooga 2023**

Wildwater, the first outfitter in the Southeast, first opened our doors in 1971 on the Chattooga River, and remains Wildwater's premier rafting trip in the Southeast. Our highly trained guides, self-bailing raft fleet and spectacular river scenery will make your Chattooga River trip one to remember!

The National Wild & Scenic Chattooga River begins at the base of Whitesides Mountain in North Carolina and flows in a southwesterly direction to form the border between South Carolina and Georgia. One of the wildest and most beautiful whitewater rivers in the country, the Chattooga was the first river in the Southeast to be designated "Wild and Scenic" in 1974 by Congress. The Chattooga was used as a location for the movie Deliverance. The Sumter and Chattahoochee National Forests surround you while on your wilderness river adventure.

Our park-like Chattooga Campus is incomparable; with canopy tours, low & high ropes, pond, picnic pavilions and multiple lodging options on site. Stay right here and be steps away from multiple activities. We can book your family adventure for lodging and rafting, zipline canopy tours, kayak touring, standup paddle boarding, whitewater kayak clinics and overnight camping. On campus you will also find volleyball, horseshoes and Corn Hole all with a friendly atmosphere!

As a free flowing river, water levels on the Chattooga vary with the amount of rainfall each season. The highest water levels and most exciting trips are usually in the spring and early summer or after a heavy rain. By late summer and fall the water level is usually lower and trips are more relaxed and slower paced.
